

Hi All.

I hope that everything is going well. So just to keep you up to date. We thought that a small circular at this stage would help.

Mark Wilson has the application for extra funding to help run this years event underway

We are going to hold a fund raising evening at F.A.H.S on the 25th of August. This will be a joint event between ourselves, The Secondary Schools Mini Mini Moto committee and Manfeild. The aim is to raise funds for this years event, previous and new sponsors will be invited.

The beginning of week 9, The Monday night . Will be the cut off for race entry. This will give us a week to publish the race lists, as last year. The lists will be posted on the web site. [www.feildinghighschool.co.nz](http://www.feildinghighschool.co.nz) mid week 10. These lists will give the riders race number, weight, and race class. This is the info which Tim Gibbs needs to set up his electronic lap scoring, hence the cut off date.

There is nothing to stop you sending this information now. Riders name weight, and class/ classes entered. This would ease the work load and allow us to approach sponsors with numbers, with some confidence

Some of you have asked for examples of Rams forms and other indemnity letters we have previously used. We will post these and last years race programme onto the web site in the next few weeks, so these should help. The 2010 race programme will be posted on the web site week 1 next term.

Also on the web site we will post the size and location of a small metal plate needed to secure the transponder to the bike frame.

Insurances can be purchased on site at Manfeild on the Monday night if you so wish.

Hope this helps you. Note we are using the front track with all the facilities, pits, covered areas etc. and no mud!!

Regards Roger.
