

16 March 2010

Dear Parents

Your son/ daughter is making good progress with the construction of their Mini Bike.

All students are aware that their Mini Bike needs to be completed by 1 July 2010 in time for the interim moderation and scrutineering process to start.

In October the Mini Bike must be raced and demonstrated at Manfeild Raceway in front of the national Tools4Work school moderation team. This demonstration will prove that their Mini Bike is:

- Reliable
- Made to the required standard to pass moderation
- Fit for the purpose it was made

It is essential that all students are insured for third party liability. This year we have joined with the NZ Mini Moto Club (NZMMC) to provide insurance. The cost of this insurance is \$20.00. This fee entitles the student to membership of the NZMMC for one year with the following benefits:

- Access to the club technical help line with experts on hand
- Access to the Manfeild schools' event
- Access to any other races the NZMMC holds around New Zealand

I think you will agree this arrangement has a lot of positives.

Yours sincerely

ROGER EMMERSON
